

Exercise Qs

1. install a Linux distribution in VirtualBox.
 - We expect you to *install* it, not only to run it from the *ISO*
 - OR: if you are already using Linux, tell us which
2. While installing read at least 5 random XKCD comics <https://xkcd.com/> and tell us your favorite
3. Open the settings and explain how to change the resolution with a screenshot.
4. Make a screenshot of an situation that could represent you working on it.
